EDUCATION

Boston University - College of Arts & Sciences | Boston, MA — Expected Dec 2026
Masters in Computer Science with specialization in Cybersecurity

- GPA 3.5

Coursework: Intro to Quantum Computing, Cryptography, Computer Systems, Information Security, Analysis of Algorithms

EXPERIENCE

BU MET IT Help Desk Technician | Boston, MA — Sep 2023 – present
Support IT - Part Time Job

- Advised clients experiencing a variety of issues by processing part of received tickets (emails, phone-calls, walk-ins).
- Troubleshot printers, software tools, VLABs and classroom support platforms.
- Utilized ServiceNow, Bomgar Support Software, CISCO Telephone Services.
- Prepared and assigned loaner laptops for new employees.
- Set up and checked lecture rooms before classes and/or important meetings. Assured all was going well throughout.

Hoopit | Lausanne, Switzerland — June 2025 – Aug 2025
Security & AI Consultant - Internship

- Advised on cybersecurity strategy, data protection, and secure technology adoption.
- Presented quantum-computing and its security risks to the broader team.
- Recommended security practices to support future PQC migration, including KMS for secure encryption-key management.
- Evaluated LLMs and AI integrations, presenting recommendations on models, capabilities, and use cases.

Ifchor | Lausanne, Switzerland — May 2023 – June 2023
Support IT & Development Team - Internship

- Created/Deactivated user accounts in the Active Directory as well as assigned licenses and assisted employees with diverse simple technological tasks/issues (such as monitors, upgrades, sedna – their email provider…).
- Programmed an algorithm to export company data from an excel sheet.
- Transferred HTML tables' format to Markdown in GitLab to improve readability and usage.

LEADERSHIP & ACTIVITIES

Boston University Computer Science Club | Boston, MA — Sep 2024 – May 2025
Co-President

- Founded the club and its mission to create interest in Computer Science as well as bring the community closer together. Organized and led engaging activities, workshops and collaborative projects.
- Successfully attracted over 200 registrations, with an average of 20 students at weekly meetings.

Boston University Alpha Phi Omega Zeta Upsilon (Community service fraternity) | Boston, MA — Jan 2022 – May 2025
Fellowship Vice President, Volunteer

- Organized small events for fellow brothers to attend – about 20 activities/events every week for brothers to choose from, made brothers more involved and engaged. Participated and presented in weekly meetings.
- Sold raffle tickets for different charity organizations, raising over $15000; Volunteered at Brighton Food Pantry; Participated in community cleanups; Harvested bamboo for red pandas at the Franklin Park Zoo.

Boston University TAMID | Boston, MA — Jan 2022 – Sep 2023
Project Manager, Tech Analyst

- Engaged in weekly meetings; Projects consisted in consulting different Israeli tech companies, pro-bono.
- Consulted and advised an Israeli security company on pursuing testing strategies to prevent phishing.
- Developed a Facebook Clone to provide client a template for their testing needs (with tutorial).

RESEARCH

DLP and Quantum Algorithms | Boston, MA

- Researched Shor's algorithm with applications to Diffie-Hellman and ElGamal.
- Presented it orally as a lecture for the remaining students.
